For purposes of this subsection, "safety risk" shall include external factors, such as, but not limited to: where wearing a face covering may pose a risk to persons working on ladders or at significant heights, wearing other respiratory protection, heavy physical exertion or operating heavy equipment or operating in an environment where a face covering hinders communications. However, employers are encouraged to structure work to promote social distancing and limit close contact as much as possible within workplaces where face coverings may pose such risks;

- e. When in a building or activity that requires security surveillance or screening, (for example, banks);
- f. When working alone in separate office spaces or in non-public workplaces where six feet of social distancing may be consistently maintained; or
- g. When eating or drinking in public at a restaurant, bar, or other food or beverage establishment. A face covering must be worn when entering or exiting any such establishment, and when walking around such establishment and six feet of social distancing cannot be maintained.

**2. Face Coverings - Commercial Entities and Establishments.** *Notwithstanding any contrary provisions in prior executive orders and consistent with the foregoing provisions stated within this order, all commercial entities, businesses, establishments, restaurants, bars, theatre houses, auditoriums, libraries, and museums providing goods or services directly to the public must require that all employees, patrons, customers, and visitors to the commercial entity's business premises or other facilities wear face coverings when in an area or performing an activity where social distancing of a minimum of six feet cannot be maintained. Such commercial entities and establishments listed in this paragraph must require that all employees, patrons, customers, and visitors wear a face covering when entering or exiting any such facility, and when walking around in any such facility and six feet of social distancing cannot be maintained.*

**Such commercial entities, establishments, and facilities listed in this paragraph must post the face covering requirement stated in this Stay at Home Order in a conspicuous location and of sufficient size at the entrance of the business sufficient to provide notice to employees and visitors.**

**3. Enforceability and Prosecution.** If the Chief of Police or any officer acting under his command determines that a violation of this Stay at Home Order has occurred, the Chief of Police or such any officer acting under his command may issue a citation for the violation of any provisions of this Order. Any person or business who violates the mandates of this Stay at Home Order shall be guilty of a misdemeanor and may be subject to the fines and penalties set forth in the City of Natchez Code of Ordinances. The initial fines for citizens shall be \$50.00 for each violation. The initial fines for businesses shall be \$100.00. All proceedings described herein shall be conducted in accordance with Mississippi law.

**4. Closure for Failure to Comply with Applicable Guidelines.** If a business is issued more than 3 violations for violating any of the provisions of this Order and Regulation, the said business may be subject to the termination of its privilege license to do business in the City of Natchez. At such time that a business violates the provisions of this Order and Regulation, the said business shall be cited to appear before the Mayor and Board of Aldermen to show cause why said business' privilege license should not be cancelled and withdrawn by the City of Natchez.

**5. Effective Date; Duration.** This Order shall be effective immediately and remain in full force and effect until 12:59 p.m. July 31, 2020 or until modified, amended, rescinded, superseded, or terminated by Motion and Order of the Board of Aldermen.

**6. Applicability; Severability.** This Order supersedes and replaces any contrary provision in any prior Stay at Home Order. Any provisions within this Order that (i) conflict(s) with any state or federal law or constitutional provision, or (ii) conflict(s) with or are superseded by a current or subsequently-issued Executive Order of the Governor or the President of the United States solely to the extent such Executive Order (a) expressly preempts the substance of this Order or (b) imposes stricter guidelines and closures than set forth herein, shall be deemed inapplicable and deemed to be severed from this Order, with the remainder of this Order remaining intact and in full force and effect.

**7.
